

Wall Putty

Unique insulation product for super smooth wall finish.

Brand Qlumat Wall Putty stands for aesthetics, value and perfection. The leading wall putty brand in the market, the brand has constantly reinvented itself based on changing market dynamics and customer needs. Backed by continuous R&D and extensive research, Qlumat identified the unmet customer demand for a product which gives ease of application and higher durability as compared to acrylic putty and this led to the development and launch of white cement based Putty. Since its inception, Qlumat Putty is committed to providing superior home beautifying solutions to the homeowners. Qlumat the brand aims to only deliver better than the best to the customers, with smoothness max, beauty max and finish max.
